 Kia ora e te whanau,

It must be hard for the Gov't to swallow their pride and make what we would call a common-sense decision from time to time. At long last we have finally got word from the 'top' that our school lunch program will continue for a few more years. This is great news for our community and whaanau. As a kura we will continue to employ a person to manage this program where we make the lunches here at kura. Our best indicators are our tamariki. They enjoy their lunches. As we head into winter, we are able to provide a warm kai for them. This is proving to be really beneficial and saves our whaanau money. A reminder whaanau, your child gets fruit for a snack and kai for lunch provided by the kura. You do not need to provide any kai for them.

Our School Cross Country will be held on **Tuesday 14th May** with the alternative date of the 15th if it is wet. We will have a team attend the Interschools at Rangitoto on the 17th May. For those selected for the 17th, we will send home a form to inform whaanau of the details.

We have two senior teams that will be working on an exciting technology / engineering project over the next couple of terms. We will keep you all updated and are grateful to those that have offered their advice and support working with our two student teams.

We have 5 x students involved with a special Art class with the infamous 'Mr G'. The session will be held at TK Paa on Tuesday and Wednesday this week. What an opportunity.

Winter Sport

Soccer started at the Centennial Park grounds last Friday. A hive of activity and plenty of keen players from near and afar. Te Kura Rautau have entered plenty of teams across most of the grades.

Are you all ready...Jade-A ready to kick.

Ready or not, here it comes...

Community Notices

Happy Mother's Day to all the mum's that do so much every day...

Everyone appreciates what our mum's do for our whaanau, what they do for their communities and what they do for the people they are around...

(by the way, it's this Sunday, but we really know Mother's Day is every day, aye...)

Attendance does matter

We averaged 85% attendance for the first week of this term with some days recorded in the early 90%'s. That's our target 90% or above for daily attendance. Thank you for keeping in touch and letting us know if your child is unable to make it to kura due to illness or tangihanga. (refer to the info sheet on attendance in this paanui) We will continue to keep you informed and up to date with our attendance records.

School Policies and Procedures:

The following policy involves: 'Raising Concerns'.

We are very thankful that our whaanau are willing to either call into the kura or contact us to discuss any matters or concerns should they arise. This is a much better platform rather than using the likes of social media. Staff are available for discussions and if there are any concerns, we try to resolve the matters as quickly as possible.

Should you have any concerns, here are our guidelines:

Raising Concerns

Where appropriate, Centennial Park School – Te Kura Rautau handles concerns and complaints informally in the first instance. If you would like to raise a concern with us, please follow the steps below. If you believe your concern cannot be resolved informally, it may be appropriate to make a formal complaint.

There may be instances where the concern raised under this policy amounts to a formal complaint or serious allegation. We may treat a concern as a formal complaint and address the concern using our [Investigating a Formal Complaint or Serious Allegation](#) procedure.

1. Raise the concern with the right person
In all instances, you may have a [support person](#) to help you raise a concern or make a complaint.

If you approach a board member with your concerns, you will be asked to follow the actions below and the board member will inform the principal and board chair. If several people share a concern, the process is the same. You could nominate a group representative to approach the school, and it may be appropriate for the group and the school to use a mediator.

To ensure the safety and wellbeing of those involved when a concern is raised, it may be appropriate for the person receiving a concern to limit communication about the concern until a facilitated session occurs or until a third party is present.

- If you have a **general concern about the school or its programmes**, discuss it with the person involved or with a member of the management team or the principal.
- If you have a **particular concern about a staff member or a school activity**, contact the person involved to discuss the matter privately. We ask that you make this direct approach as soon as possible.

If you do not wish to approach the person involved, contact a member of the management team or the principal to discuss your concern. The principal or management team member may communicate with the person involved.

- If you have a **concern about your own child or one of our other students**, contact the class kaiako or the principal to discuss the matter. The school monitors, records, and responds appropriately to any concerns about a student's safety and welfare.

If your concern relates to another student, you must not approach that student or their parents/caregivers/whānau directly. Speak to their kaiako or the principal.

If you want to raise concerns (especially serious concerns) about a student's wellbeing and/or safety, see [Responding to Student Wellbeing Concerns](#).

- If you have a concern about another **parent, caregiver, or member of the school community** on a school-related matter, raise this with the principal.
- If the matter concerns the **principal** and you have not first resolved it by discussion, or you feel uncomfortable directly approaching the principal, contact the board chair.
- If the matter concerns a **board member**, contact the board chair. Contact another member of the board if it concerns the board chair.

After raising the initial concern, parties involved in the complaints process should not communicate about the matter with each other until all parties agree to an appropriate way to discuss or resolve the matter. This applies at all times, both in and out of school.

2. Work towards a resolution

In most cases, concerns can be resolved informally with constructive discussions.

- Be prepared to make a time to discuss your concern if the person involved is unable to talk with you straight away.

- Be open to listening to the other side of the story to avoid communication breakdowns.
- Follow-up actions or later check-ins may be able to be agreed where appropriate.
- Involving a third party to facilitate discussion or participate in a meeting may be appropriate.

If you are unhappy with the outcome of your initial meeting, contact the principal, a member of the management team, or the board chair to discuss further resolution. If this process does not resolve your concern, you can make a [formal complaint](#).

3. Follow-up and feedback

Resolution of the concern or complaint may include checking that the solutions have been implemented and are working. The effectiveness of the solutions may be fed back to the person who raised the issue where appropriate. This follow-up may be recorded in the concerns and complaints register.

In some circumstances it will not be possible or appropriate for the school to advise you of a final outcome.

IS YOUR CHILD TOO SICK TO GO TO SCHOOL?

New guidelines to help parents decide whether their child is well enough to go to school.

KEEP YOUR CHILD HOME FROM SCHOOL IF:

- 
- They are too sick to learn and need time to rest and recover
 - They have tested positive for COVID-19
 - They display a "symptom of concern" including fever, vomiting, diarrhea, or difficulty breathing
 - They have nits (head lice)
 - They have been diagnosed with an infectious disease

YOUR CHILD CAN GO TO SCHOOL IF:

- They have mild respiratory symptoms like a mild cough, headache, or runny nose (but not COVID-19)
- They have hayfever or allergy symptoms
- They have non-infectious skin problems
- They appear well - happy, eating and drinking normally, and able to focus on learning
- Remember, the health and wellbeing of your child and their classmates is the priority. When in doubt, keep them home to recover and prevent the spread of illness. Working together, we can keep our school community healthy.
